The training

The training – Management of Emotions, Difficult Conversations and Conflict Situations was conducted by the initiative of Caucasus International University, Life-Long Learning Service and Personnel Management Service on July 17-18.

The training was conducted by Mr. Tariel Sikharulidze, Associate Member of the Institute for Research and Education on Negotiation (ESSEC School of Business) for CIU academic and administrative personnel. The training united two main modules of emotions and conflict management, such as role playing and its discussion, theoretical lectures and various questions.

The aim of the training was to familiarize participants with various strategies of conflict management and negotiation process, as well as the role and significance of emotions. In addition, to improve communication and speaking skills in difficult and conflicting situations.

Tempus Project Summarizing Meeting

CruiseT project – “Network of Competence Centres for the Development of Cruise Tourism in Black Sea Region”, which was to last for 3 years and finish in December, 2016 owing to its importance and significance of the issue has been extended till November, 2017.

A summarizing meeting and monitoring was held at CIU at the final stage of TEMPUS project.

The meeting was opened by Kakhaber Kodzaia, CIU Rector and he briefly introduced the agenda to the attending audience. Vakhtang Tsivtsivadze, CIU Chancellor greeted the guests and expressed his hope for the successful completion of the project and future collaboration.

University Rector and Chancellor showed teaching bases and laboratories to the representatives of the project. In addition, the guests visited the Centre for Regional Development of Tourism established within the framework of the project, which was equipped with personal computers produced specially for Europe. The work was carried out with the financial support of the Tempus project.

Professors involved in CIU project remembered all the events, meetings or trainings which has been held since 2014 and presented reports to a project coordinator during the meeting.

Simultaneously, Wolfgang Fuchs, a representative of one of the partner universities of Tempus project met students and discussed in details concrete tasks and examples with groups of students after theoretical studies.
